A PUBLIC PARK IS NO PLACE FOR PRIVATE SPORTS FACILITIES

WWW.WELOVEANSTEYPARK.COM

Coors brewery are looking to liquidate their assets and develop on land they own which currently houses Alton United football club. In order to achieve this they must supply the club with equal or improved facilities to relocate to. They propose placing these facilities in the heart of Anstey Park.

These facilities will take away free public recreation space in favour of fenced and gated members only areas, an access road through the centre of the park and licenced clubhouse.

It will dramatically alter the current open and accessible nature of the park forever, and we are not prepared to sit back and let this happen.

We realise generous funding offers for sports facilities do not come easily, but Anstey Park is too high a price to pay.

Act is now, don't wait until it's too late.

You can write to East Hampshire District Council planning department, attend local demonstrations, or simply display this flyer in your house or car to show support. Visit any of the following websites for more information:
